Re: Banning Conversion Therapy

I hope this letter finds you safe and well.

I am writing to ask you to represent me and others in your constituency by **supporting a complete ban on conversion therapy that includes protections for transgender, non-binary and gender diverse people.**

According to the National LGBT Survey, 7% of LGBT+ people have been offered or undergone conversion therapy, with this figure rising to 13% if that person is transgender. 51% of those who have been subjected to conversion therapy said it had been conducted by faith groups and 19% said it had been conducted by healthcare providers.

A legislative ban must make conversion therapy illegal:

- wherever it occurs, including in public and private settings;
- whoever is targeted, both children and adults, whether they are coerced or consent to it, for any intervention that has the intention of changing, suppressing, converting or cancelling sexual orientation, gender identity and/or gender expression; and
- from the moment it is spotted, including in online and public advertisements.

As my MP, I hope you are committed to ensuring that all LGBT+ people in the UK can live with the same opportunities as everyone else and not be subjected to these inhumane practices.

I look forward to hearing from you.

Yours sincerely
