A little bit about us...

'We use 'trans' as an umbrella term for people that are binary trans, non-binary, genderqueer, genderfluid, agender or of other non-cisgender genders, including those of non-Western origin.'

The Charity

Mermaids has been supporting trans children, young people, and their families since 1995. Mermaids has evolved into one of the UK's leading LGBTQ+ charities, empowering thousands of people with its secure online communities, local community groups, helpline services, web resources, events, training, policy and stakeholder engagement and residential weekends.

We also seek to educate and inform wider society on gender identity by helping professionals accommodate and reassure gender diverse young people. Over the years, we've seen many changes in the language and understanding surrounding gender issues, but one thing remains the same: trans children deserve the freedom and confidence to explore their gender identity wherever their journey takes them, free from fear, isolation and discrimination.

What You Can Expect

In supporting our mission to create lasting, positive change for trans people, now and for generations to come, you will receive our full support to thrive in your role. This includes comprehensive training, opportunities for professional development, a contributory pension, generous holiday entitlement, access to external supervision, and a range of additional benefits.

Message from the CEO

Thank you for your interest in the role of Support Line Manager with Mermaids. This is a truly exciting time to join the charity; there's no other organisation like Mermaids. Whatever you do here you will be supporting our work to achieve our mission and make positive change for transgender, non-binary, gender diverse children and young people for generations to come. Given the challenges facing young transgender people on numerous fronts, it is more important than ever for the charity to step up.

If you want to be involved in one of the most significant civil rights movements of our time, then this is where you need to be. This role will be responsible for leading and managing the day-to-day operations of the charity's helpline (telephone and webchat) services, and our online forum, ensuring the delivery of safe and high-quality emotional support, information and signposting to service users.

I joined the organisation as Chief Executive Officer in November 2025, bringing with me a long-standing commitment to youth advocacy and inclusive leadership. Supporting trans, non-binary and gender-diverse young people is central to my work. Throughout my career, I have championed policies that promote safety, dignity and equal access to opportunities, and I continue to listen closely to the communities we serve to ensure their experiences guide our direction. I am dedicated to fostering a culture of respect, belonging, and meaningful change for all young people.

If you have the passion and drive to help us achieve our vision. I look forward to hearing from you and, hopefully, joining us soon.

Yours,
Jo Hardy
CEO
